VISION

To create an engineering Institution of global standards, which will nurture world class students, imbued in human values who will be trend-setters.

MISSION

- To redefine the engineering education to fulfill tomorrow's needs.
- To create a world-class engineering and management institute that sets a benchmark for education.
- To attract best faculty interested in education & research.
- To facilitate manifestation of inner strengths of students and create responsive, global citizens.

QUALITY POLICY

At Amruta Institute of Engineering & Management Sciences, we are dedicated to offering outstanding engineering education and research that meets global standards. Quality is at the heart of everything we do, guiding our decisions and actions as we strive to fulfill our mission and address the needs of society.

COMMITMENTS

1. **Academic Excellence:** We are committed to maintaining the highest standards of academic discipline, ensuring that our programs encourage critical thinking, creativity, and problem-solving skills essential for success in the engineering profession.
2. **Student-Centered Approach:** We prioritize the holistic development of our students, providing them with a supportive learning environment, personalized attention, and opportunities for hands-on experience, research, and innovation.

- 3. Continuous Improvement:** We are dedicated to continuous improvement in all aspects of our operations, seeking feedback from stakeholders, monitoring performance metrics, and implementing best practices to enhance the quality of our programs, services, and facilities.
- 4. Ethical and Professional Conduct:** We uphold the highest ethical and professional standards, fostering integrity, responsibility, and accountability among our students, faculty, and staff.
- 5. Diversity and Inclusion:** We incorporate diversity in all its forms and are committed to developing an inclusive community where all individuals are respected, valued, and empowered to contribute to our collective success.

QUALITY OBJECTIVES

1. To enhance student learning outcomes through innovative teaching methodologies and curriculum development.
2. To promote research and innovation that contributes to the advancement of knowledge and addresses societal needs.
3. To continuously upgrade infrastructure and facilities to provide a conducive learning environment.
4. To encourage a culture of quality and excellence through professional development opportunities for faculty and staff.
5. To strengthen partnerships with industry and alumni to enhance experiential learning and career opportunities for students.

COMMITMENT TO COMPLIANCE

We are committed to complying with all relevant statutory and regulatory requirements, as well as the requirements of accrediting bodies, and to continually improve the effectiveness of our quality management system.

SHARED RESPONSIBILITY

Achieving our quality objectives requires the active participation and commitment of every member of the Amruta Institute of Engineering and Management Sciences community. Through collaboration, innovation, and a shared dedication to excellence, we will continue to uphold our reputation as a premier institution of engineering education. Considering this, AIEMS IQAC has established an internal committee to maintain the reputation of Amruta Institute of Engineering and Management Sciences.

CODE OF CONDUCT FOR STUDENTS

As members of the Amruta Institute of Engineering and Management Sciences community, students are expected to maintain the highest standards of academic integrity, professionalism, and ethical behavior. This Student Code of Conduct outlines the principles and expectations that guide student conduct within the college.

RESPONSIBILITY OF THE STUDENT

Students are responsible for the following:

Academic Integrity

- Students must maintain academic honesty in all aspects of their coursework, research, and examinations.
- Students are expected to maintain academic honesty and avoid engaging in academic dishonesty, including but not limited to plagiarism, cheating, fabrication, and other related misconduct.

Professionalism

- Students should behave in a professional manner in all interactions within the college community and beyond.
- Students should respect the rights, opinions, and contributions of fellow students, faculty, and staff.
- Students should demonstrate integrity, responsibility, and accountability in academic and extracurricular activities.

Safety and Laboratory Practices

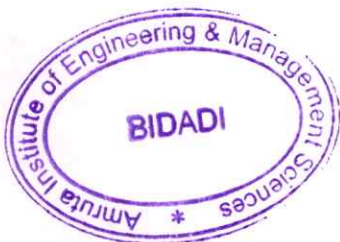

- Students are advised to prioritize safety in laboratory work, experiments, and practical sessions.
- Students should adhere to all safety protocols, procedures, and guidelines established by the college.
- Students should report any safety concerns or incidents promptly to the relevant authorities.

Responsible Use of Resources

- Students are advised to respect college property, facilities, and equipment.
- Students are advised to use resources, including computing facilities, libraries, and laboratories, responsibly and ethically.
- Students are advised to minimize waste and contribute to the sustainable use of resources within the college.

Professional Development

- Students are encouraged to participate actively in opportunities for personal and professional growth, including internships, projects, and extracurricular activities.
- Students are informed to seek guidance and mentorship from faculty and professionals to enhance academic and career prospects.

- Students are advised to represent the college positively in external events, conferences, and competitions.

Social Responsibility

- Students are advised to contribute positively to the welfare and well-being of the college community and society at large.
- Students are informed to engage in community service and outreach activities to address societal needs and challenges.

DISCIPLINARY BEHAVIOUR AND CONDUCT OF THE STUDENTS

1. Express yourself without using rude words or making offensive gestures.
2. Engage in positive group activities and avoid from involvement in swarming, or harassment of staff or fellow students.
3. Show respect for others by refraining from teasing and humiliating.
4. Demonstrate respect for others by avoiding clothing with inappropriate messages, such as profanity, racial or sexual references, or references to alcohol, illegal drugs, or gangs.
5. Respect the personal property of others.
6. Adhere to directions from all college staff.
7. Ensure the safety of others by refraining from bringing real or imitation weapons onto college premises or into the hostel/campus.
8. Resist from engaging in gossip or spreading rumors.
9. Ensure timely payment of fees for admission to higher semesters to avoid penalties. Delays in payment will result in penalties.
10. Do not shout, blow whistles, or make loud noises on campus. Keep your voice down in the corridor.
11. Always wear your student ID card on campus and during any college-organized events outside.

12. Don't have or use chewing gum, drugs, tobacco, alcohol, or any other harmful substances on campus. Our campus is smoke-free.
13. Don't engage in activities that go against the college or the nation, or are immoral or political.
14. Don't do any business or trading on campus.
15. No political groups or activities are allowed on campus.
16. Respect college property. If you damage anything, you'll face serious consequences, including possible expulsion.
17. Students should only throw debris in the bins provided across campus, like in classrooms, hostels, and offices.
18. Any criminal activity or breaking the law on the college campus will be reported to the police.
19. If a student commits a crime under Indian law, they may be suspended or expelled from the college.
20. Students facing criminal charges or suspension must get permission from the proper authority before entering the college campus.
21. Be on time for all classes. Students who arrive late won't get attendance credit and might not be allowed in.
22. Be prepared for class with the appropriate materials and assignments completed.
23. Students should keep the class rooms tidy. They should switch off lights and fans when they are not required.
24. Malpractice of any kind will not be allowed during the Laboratory classes / internal / University Examination.
25. All students have to attend laboratory classes with full presentation.
26. Records should be brought and instructions should be followed accordingly.
27. Students are not permitted to use mobile phones in any of the academic area (class room, Library, Computer Centre, Examination Halls, etc.). Mobile phones with camera facilities
