National Educational Policy(NEP) Cell

Preamble:

National Education Policy(NEP) Cell at AIEMS has been constituted on 14-05-2022 with the objective of implementation of NEP-2020 as per guidelines of VTU. The NEP cell is formed in order to facilitate multiple pathways to learning,

The National Education Policy (NEP) Cell at Amruta Institute of Engineering and Management Sciences (AIEMS) was constituted in May 2022 with the objective of implementing NEP-2020 as per the guidelines of VTU. The NEP cell is formed in order to facilitate multiple pathways to learning, involving both formal and non-formal education modes, and to aim to become an independent, self-governing institution pursuing innovation and excellence.

In view of the implementation of NEP-2020 at different phases, the reduction of course content, promotion of internships, and other major aspects have been formulated in a VTU-2022 scheme. This scheme provides flexibility among students in choosing the desired courses, and supports multi-disciplinary work. The NEP-cell works collaboratively to bring transformative reforms to academics and research at AIEMS.

Objectives:

The objective of the National Education Policy Cell is to induce a progressive and flexible working environment among all the stake holders to maintain a harmonious educational atmosphere in the college with following objectives:

1. To create awareness among Staff & Students about NEP-2020
2. To implement University (VTU) suggested NEP policies
3. To implement NEP-2020 at college level in phases

PRINCIPAL

Amruta Institute of Engineering & Management Sciences
Bidadi Industrial Area Near Toyota Kirloskar Motors
Bidadi, Bangalore-562 109

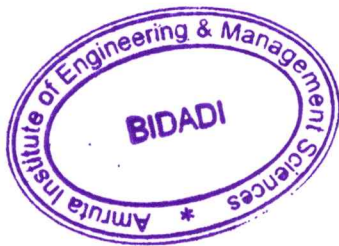

Standard Operating Procedure:

1. The college has constituted a committee consisting of representatives from different departments.
2. Adherence to NEP 2020 guidelines from VTU
3. Discussion with NEP members and other relevant coordinators as per requirements for the implementation of NEP 2020
4. The committee shall finalise the tasks/events for implementation (like value added courses (VAC), content beyond the syllabus, mini-projects, seminars, etc.) as per the VTU NEP guidelines.
5. The NEP cell, together with relevant committees, looks for feasibility in the implementation.
6. The minutes and the recommendations are forwarded to the respective heads of the college for further action.

Outcome:

The students get benefitted in terms of generative features of NEP 2020. The new education system will encourage the practical knowledge of students, help students to develop the scientific temper at the young age and promotes value-based education.
