Report on TECH TALK

“The Technical Talk, held on **September 27, 2025**, offered in-depth insights into emerging technologies, industry best practices, and essential technical skills, equipping participants with knowledge and guidance to advance their careers in the IT and technology sector”.

The poster features a large, stylized microphone in the background. At the top left is the Government of Karnataka logo, followed by the AIEMS Bengaluru logo. To the right is the Amruta Institute of Engineering and Management Sciences logo, and further right is a Citrix Certified Associate Virtualization logo. The main title 'TECH TALK' is in large, bold, red letters. Below it, the speaker's name 'Mr. Channakeshava B K' is listed, followed by his credentials: '12 years of Industry Experience, 3 Certifications and 3 on going Training programs.' The date 'SEPTEMBER 27th, 2025' is prominently displayed. The objective of the talk is stated: 'To gain insights into IT Infrastructure, Technical Administration, and IT Management, exploring career paths, industry practices, and essential technical skills.' At the bottom, the names of the Head of Department (Dr. B I D Kumar), Dean (Academics) (Rajeshwar S. Kadadevaramath), and Principal (Dr. Santosh M Muralan) are listed.

Tech Talk is an engaging and informative session aimed at providing students with a comprehensive understanding of IT infrastructure, administration, and management. The session highlights current industry practices, emerging technologies, and practical applications, enabling students to gain valuable insights into the dynamic IT sector. Participants are guided to explore diverse career opportunities while developing essential technical skills, problem-solving abilities, and professional knowledge. By connecting theoretical concepts with real-world scenarios, Tech Talk equips students to confidently face industry challenges, enhance their expertise, and build a strong foundation for a successful and rewarding career in technology.

Mr. Channakeshava B K is a seasoned IT professional with over 12 years of extensive experience in Citrix technologies, Microsoft Azure Cloud, VMware virtualization, and IT infrastructure management. Throughout his career, he has demonstrated expertise in troubleshooting Citrix virtual apps and desktops, managing Azure virtual desktops, and overseeing large-scale server environments, ensuring seamless system administration, migration, and enterprise-level support. He has successfully managed more than 300 ESXi servers and over 4,000 Windows servers across multiple data centers, showcasing his ability to handle complex IT infrastructures efficiently. Certified as a Citrix Certified Associate – Virtualization (CCA-V) and in Microsoft Azure, he has also completed specialized training in VMware, MCSA, and other cloud technologies. Holding a B.E. in Electronics and Communication Engineering, Mr. Channakeshava combines technical knowledge with practical experience, making him highly proficient in delivering solutions, optimizing IT operations, and mentoring teams in cutting-edge technologies for organizational success.

The poster announces a Tech Talk organized by Amruta Institute of Engineering and Management Studies (AIEMS), Bengaluru. The session will be delivered by Mr. Channakeshava B K, a seasoned professional with 12 years of industry experience, holding three certifications and currently pursuing additional training programs. Scheduled for September 27th, 2025, the talk aims to provide valuable insights into IT infrastructure, technical administration, and IT management. It will help participants understand current industry practices, career opportunities, and essential technical skills. Supported by the institute's leadership, the event promises to guide students and professionals in exploring the evolving field of IT.
