

SIMPEL TECH LABS PVT. LTD & XP ROBOTICS

EVENT	DATE	ACADEMIC YEAR
Industrial Visit	03 JUNE 2026	2025-26

The Department of Information Science and Engineering (ISE), AIEMS, Bengaluru, organized an Industrial Visit to Simple AI Tech Labs Pvt. Ltd. and XP Robotics. The visit was aimed at providing students with an opportunity to gain firsthand knowledge of emerging technologies such as Artificial Intelligence, Robotics, Computer Vision, Automation, and Intelligent Control Systems.

INDIAN INSTITUTE OF SCIENCE

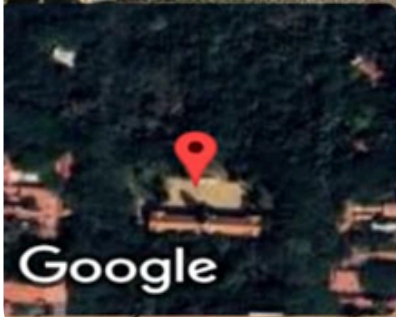

EVENT	DATE	ACADEMIC YEAR
IISC Visit	07 MAR 2026	2025-26

Visit to IISc (Indian Institute of Science) by II-Year Students provided an opportunity to explore cutting-edge research and advanced scientific facilities. Students observed ongoing projects in engineering, technology, and applied sciences, gaining practical insights beyond the classroom. The visit inspired curiosity, innovation, and a deeper understanding of scientific principles. It motivated students toward research-oriented careers and enhanced their exposure to real-world applications of science and technology.

18 FEB 2026

ACADEMIC YEAR

2025-26

Industrial Visit to a Space Research Organization provided students with firsthand exposure to advanced aerospace and space technologies. Participants observed research, satellite development, and launch operations, gaining practical insights beyond classroom learning. The visit enhanced understanding of real-world applications of physics, engineering, and AI in space missions. It inspired innovation, curiosity, and interest in careers in space science and technology.

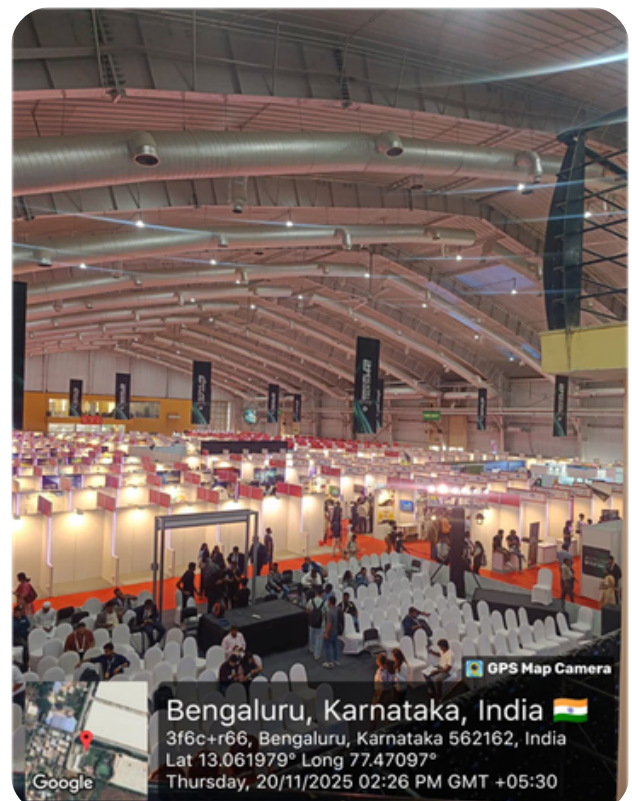

BANGALORE TECH SUMMIT

EVENT Technical Visit	DATE 20 NOV 2025	ACADEMIC YEAR 2025-26
--------------------------	---------------------	--------------------------

The students of the Information Science and Engineering (ISE) Department visited the Bengaluru Tech Summit on 20 November 2025. The visit provided an opportunity to explore emerging technologies, innovations, and advancements in the IT industry. Students gained insights into Artificial Intelligence, start-ups, digital solutions, and industry trends through exhibitions and interactive sessions. The visit helped bridge the gap between academic learning and real-world technological applications. Overall, it enhanced students' technical awareness and inspired them to explore new ideas and career opportunities in the technology sector.

SOCIAL CONNECT & RESPONSIBILITY VISIT

EVENT	DATE	ACADEMIC YEAR
SCR Visit	16 NOV 2025	2025-26

The Social Connect and Responsibility visit was organized on 16 November 2025 to Belur Chennakeshava Temple and Z Point. The visit aimed to promote social awareness, cultural understanding, and a sense of responsibility among students. Students explored the historical and architectural significance of the Chennakeshava Temple and experienced the natural beauty of Z Point. The activity encouraged teamwork, environmental awareness, and appreciation of cultural heritage. Overall, the visit provided students with a meaningful learning experience beyond the classroom.

SIR M V VISVESVARAYA THEME PARK

EVENT	DATE	ACADEMIC YEAR
Theme Park Visit	31 AUG 2024	2024-25

The students visited Sir M. Visvesvaraya Rain Water Harvesting Theme Park in Jayanagar, Bengaluru, on 31 August 2024. The visit aimed to create awareness about water conservation, sustainable water management, and rainwater harvesting techniques. Students learned about various rainwater harvesting systems and their importance in addressing urban water scarcity. The visit highlighted the significance of groundwater recharge and the responsible use of natural resources. Overall, the activity enhanced students' environmental awareness and encouraged them to adopt sustainable water conservation practices.
