

STOCK MARKET INVESTMENT AWARENESS

EVENT	DATE	ACADEMIC YEAR
Awareness Program	10 FEB 2026	2025-26

Speaker : Dr. Chitra C. N

Experience : 15 years in Teaching

About : The program aimed to provide basic knowledge of stock market operations, investment opportunities, and informed financial decision-making.

SKILL FOUNDATION PROGRAM ON GENERATIVE AI

EVENT	DATE	ACADEMIC YEAR
Technical Program	04 FEB 2026	2025-26

Speaker : Mr. Raghunandhan M. S

Experience : 10 - 12 years in Industry

About : The workshop covered Green Skills, Python Programming, Machine Learning, Deep Learning, and Neural Networks.

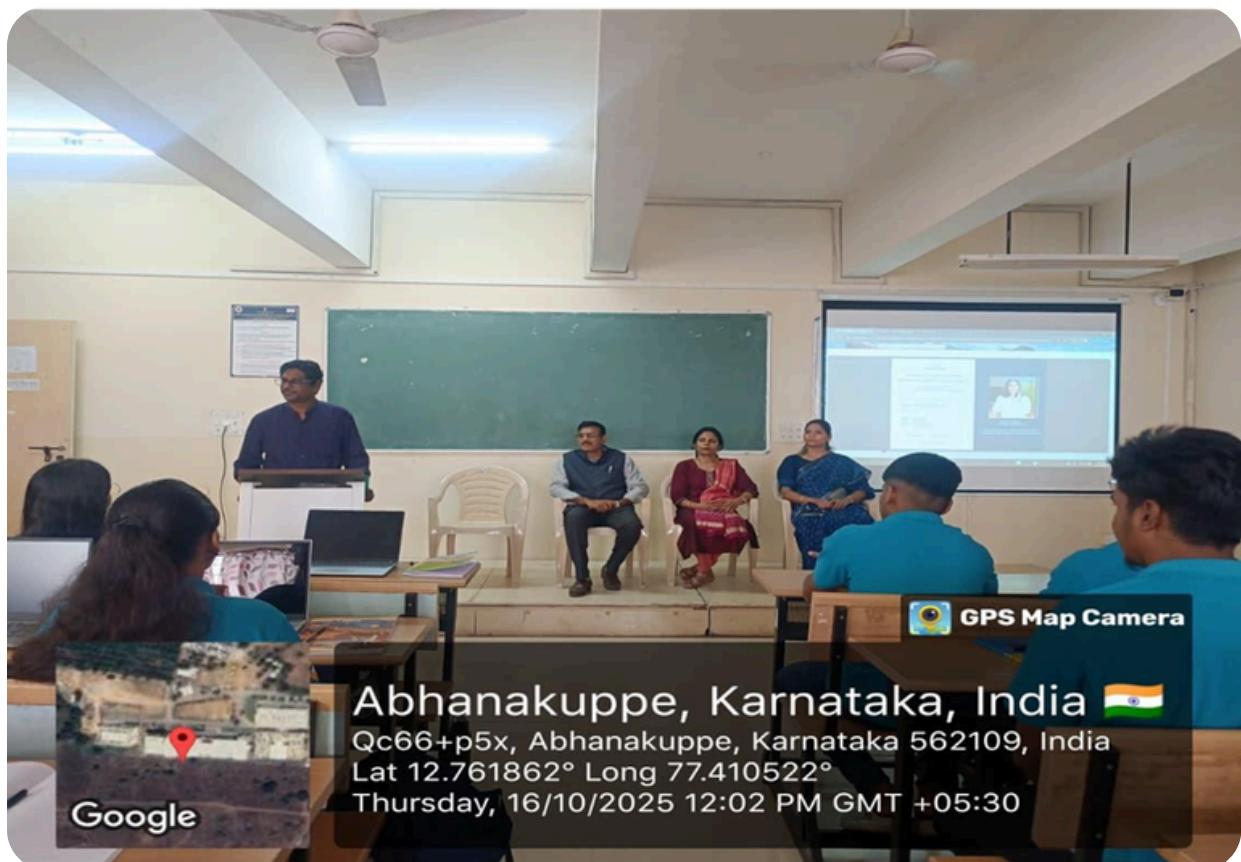

EXPLORING THE SYNERGY OF RAG & AGENTIC AI IN LLM

EVENT	DATE	ACADEMIC YEAR
RAG & Agentic AI in LLM	16 OCT 2025	2025-26

Speaker : Dr. Ramalakshmi K

Experience : 10 - 12 years in Teaching

About : The program provided valuable insights into the integration of Retrieval-Augmented Generation (RAG) and Agentic AI within Large Language Models (LLMs), emphasizing their applications and impact in modern AI systems.

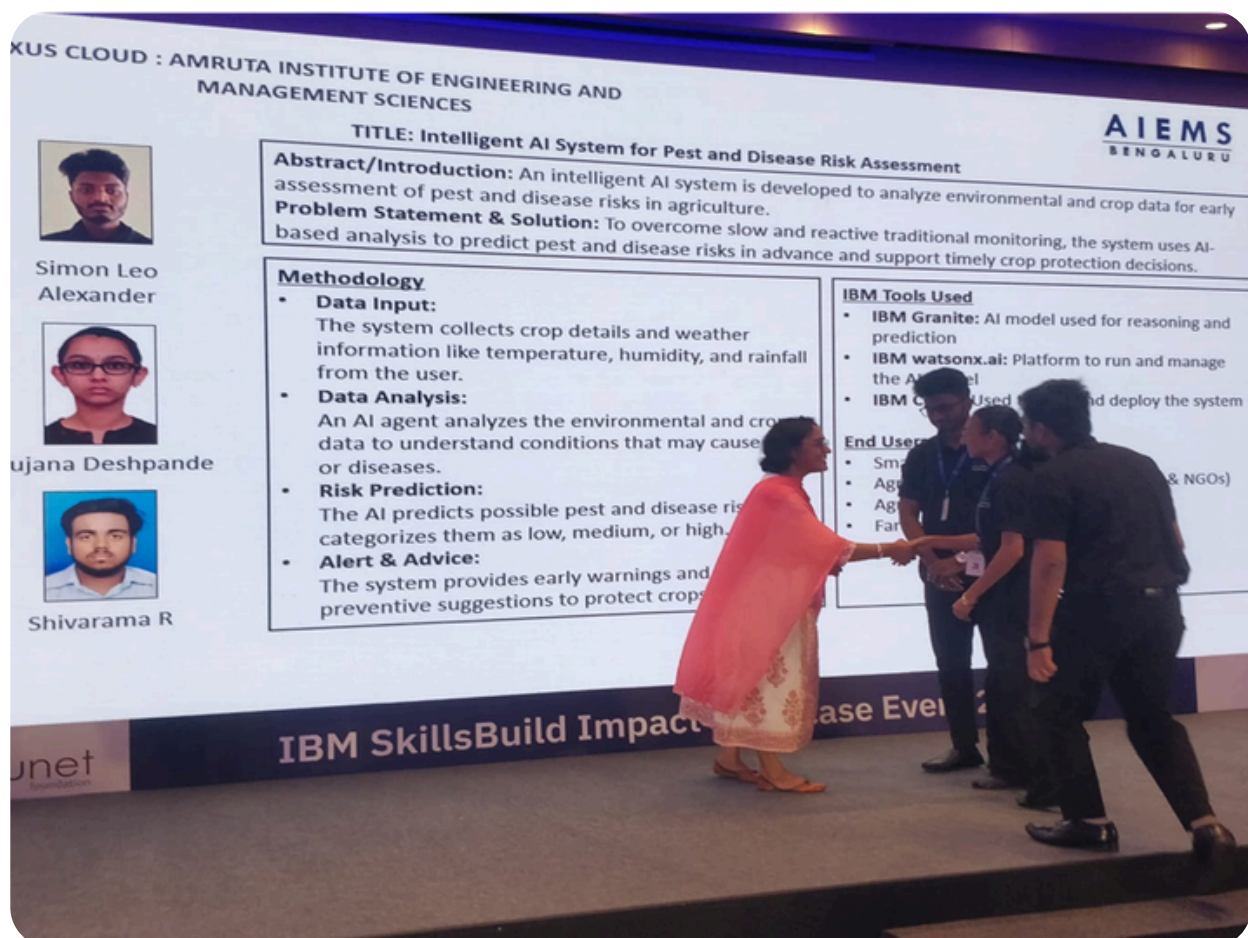

TECHNICAL WORKSHOP ON EMERGING AI & CLOUD BASED TECHNOLOGIES

EVENT	DATE	ACADEMIC YEAR
Technical Program	28 SEP 2025	2025-26

The three-day workshop conducted by the Edunet Foundation on 28 January 2026 focused on emerging Artificial Intelligence (AI) and cloud-based technologies. The workshop introduced participants to Agentic AI, IBM Cloud, and IBM SkillsBuild. Participants gained hands-on experience in developing Retrieval-Augmented Generation (RAG) systems using LangChain. The sessions also covered AI-powered document processing using IBM Granite and Docling, and AI agent development using LangFlow. The workshop enhanced participants' practical knowledge and technical skills in modern AI applications. Overall, it helped bridge the gap between theoretical learning and real-world implementation.

TECHNICAL TALK

EVENT	DATE	ACADEMIC YEAR
Technical Talk	27 SEP 2025	2025-26

Speaker : Mr. Channakeshava B. K

Experience : 12 years in Industry

About : IT infrastructure, administration, and management, highlighting emerging technologies and industry best practices.
