| Under 25 Event | 29 OCT 2025 | 2025-26       |

The Under 25 Summit at Campus is a half-day edutainment festival hosted by Under 25 across campuses around the world. It serves as a bridge between academic learning and real-world experience, where industry professionals – including CEOs, influencers, entrepreneurs, and creators – interact with students to showcase the practical implications of their theoretical knowledge. This initiative aims to inspire young minds, encourage creativity, and provide valuable exposure to emerging trends, leadership, and innovation in today's dynamic world. On October 29th, our campus proudly hosted the Under 25 Summit, an inspiring and youth-driven event that brought together creativity, leadership, and innovation under one roof. The summit was successfully organized.
